

EMEH VICTORY

Frontend Developer

Lagos, Nigeria | victoryemeh98@gmail.com | github.com/victoryemeh | [Portfolio](#) | [LinkedIn](#)

PROFILE SUMMARY

Frontend developer skilled in React, JavaScript, and Tailwind CSS, focused on building clean, responsive, and user-friendly web interfaces. Has independently designed and shipped multiple full production websites spanning e-commerce, HR tooling, professional services, and recipe/lifestyle platforms, translating Figma designs and API integrations into polished, functional products. Eager to bring strong UI instincts and a fast learning curve to a frontend engineering team.

SKILLS

React.js, JavaScript (ES6+), HTML5 & CSS3, Tailwind CSS, Git & GitHub, REST API Integration, Figma (UI/UX to code), Responsive Web Design

PROJECTS

Midlex Law — Law Firm Website [\(Live Site\)](#)

Tech stack: React, CSS, Figma, API

- Built a responsive, multi-page website for a law firm, showcasing the team, practice areas, and services offered.
- Implemented a seamless consultation booking flow to make it easy for prospective clients to reach the firm.
- Translated Figma designs into pixel-accurate, responsive React components.

Paces — E-commerce Footwear Store [\(Live Site\)](#)

Tech stack: React, Tailwind CSS, UI/UX Design

- Developed a modern e-commerce storefront for selling shoes and footwear, with a clean, conversion-focused layout.
- Applied UI/UX principles to design an intuitive browsing and product discovery experience.
- Built fully responsive layouts with Tailwind CSS for a consistent experience across devices.

Mimi Kitchen — Online Recipe Platform [\(Live Site\)](#)

Tech stack: React, CSS

- Built a recipe discovery platform connecting food lovers around the world to a wide range of recipes.
- Designed an engaging, easy-to-navigate interface for browsing and viewing recipe content.

EaseHR — HR Management App

Tech stack: React

- Built the frontend for an HR management application aimed at simplifying core HR workflows.
- Structured reusable React components to support an evolving, feature-rich dashboard interface.
